SUBJECT: DCBS Bundled Rate Services

The Department of Medicaid Services (DMS) and the Department of Community Based Services (DCBS) met to collaborate on behavioral health services that are included within the DCBS Bundled Rate for PCP Therapeutic Foster Care and PCC Residential providers. In order to give clear guidance on this subject, it was concluded that the following behavioral health services are intended to be considered within the bundle:

- Individual Therapy, Group Therapy, Family Therapy, and Collateral Therapy
- All screenings and assessments
- Service/Treatment Planning
- Case Management

Under the Early Periodic Screening, Diagnosis and Treatment (EPSDT) benefit, Medicaid beneficiaries' ages 0-20 shall be entitled to any medically necessary service rendered by a Medicaid provider regardless of bundles or codes listed.

For further information or additional questions, please email DMS at DMS.Issues@ky.gov

Please refer to the Behavioral Health & Substance Abuse Outpatient OR Inpatient Schedule, which may be accessed on the DMS website at the following web address: <https://chfs.ky.gov/agencies/dms/Pages/feesrates.aspx>.
